

## Recycling in the City of Spearfish

In July of 2014, the City of Spearfish contracted with Kieffer Sanitation for residential recycling. Residents of Spearfish can contact Kieffer Sanitation at 605-892-4635 for specifics such as the cost to set up curbside service. Some of the items that can be recycled at this time are plastics, glass, and aluminum. For a full listing of the acceptable and non-acceptable items, go to their website at <http://www.gokieffer.com/recycling/index.php> and click on "Residential Recycling" under the Recycling portion on the left side of their page.

Kieffer Sanitation also provides a free drop off site for cardboard, newspaper, and white paper. Large bins are located behind the Spearfish Recreation and Aquatics Center at 122 Recreation Lane, and are normally emptied on a daily basis. Everyone is asked to please keep the site clean, and to ONLY put items that are allowed in the bins, so this service continues to benefit us all.

While actual statistics for residential recycling can change on a daily basis, you can see previous yearly numbers on our Annual Reports located at the bottom of the page at:

Click on "Annual Department Operations Reports" and choose the year you would like to view. Statistics are located within the Solid Waste portion of our reports.

**In addition to the above options, the Restricted-Use Site north of town offers:**

### **Free**

- used automotive oil and antifreeze recycling
- car/truck battery drop off
- grass, garden waste and wood chips (composted and used for site reclamation)
- ground asphalt and concrete

### **Minimal Fee**

- Recyclable electronics; computers flat panel monitors and tv's (no older style cathode ray tube(crt) tv's)
- tires
- Various scrap metal and appliances which do not contain freon
