**Bike Advisory Group** – Jeremy Smith, president of Bike Spearfish and member of the Bike Advisory Group, informed the council of the group's work to develop a bike master plan with the Park and Recreation Department to assist in identifying gaps in infrastructure and identifying new bicycling opportunities in the Spearfish area. The group will report back later in the year on the results of the work.

**Logging Access** – Mike Sandford requested permission to use the Thoen Stone path for access to log Johanna Meier's property. Mr. Sandford indicated he had the equipment to steep-slope log and logging the area will reduce fire danger. The logging will be done over multiple years and he would like to utilize Thoen Stone path, Tinton Road and Saint Joe Street with weight of the loads being reduced to minimize wear on the roads. City Administrator Harmon noted the Thoen Stone path isn't constructed to withstand vehicle traffic and Saint Joe Street is designed as a residential road without truck traffic for safety and surface protection. The request failed for lack of motion. Mr. Sandford was directed to continue to work with City Staff to find alternate routes.
